# Using this form

### Before the meeting, write on the form:

- 1. What is going well for your child at home and in school/college
- 2. List the difficulties your child has which you would like to talk about for example, your child is falling out with friends a lot/ They're having meltdowns on the days when they have P.E/ They need regular reminders to have a drink
- 3. Write down any questions you want to ask teachers or other staff and professionals **During the meeting**, take notes:
- 1. Go through the difficulties you've listed one by one. Once an action has been decided record this in the 'Action Planned' column, along with who will do it and by when.
- 2. If professionals talk about other difficulties that aren't on your list, add them to 'Issue's raised' section and write down any actions to be done.
